

PISC DATA PROTECTION “OPT IN” REQUEST

Dear member from May 2018 a new data protection act GDPR (General Data Protection Regulation) will come into force across the EU including Cyprus. The new regulation strengthens the rights of individuals as to what personal information an organisation can keep, how that information is protected, used, and the individual’s right to access said information.

To this end PISC is revising its database.

PISC will now only keep the names, contact details and residential area of members. All other information will be erased.

Upon termination of membership all information will be removed from all databases with immediate effect.

We are now asking members to “Opt In” to how and where their personal information is used.

Please print and sign if you agree to the following: -

I hereby agree to have my name; email address and telephone number appear in the members area of the PISC website.
