

# MORE SPORTS NEWS

## SAILING WITH PISC OPEN DAY

**THURSDAY 25th APRIL 10:00 - 16:00**

**Please come and find out if this exciting sport is for you. Sailing is one of the few sports where technique and concentration are far more important than brute strength.**

We will show you how a dinghy is rigged, launched, recovered and moves through the water using wind power alone. For those of you who are more into boats with engines, we have 2 high speed RHIB Boats which cover a multi-purpose role at PISC. We are an approved "Sail Training Centre" with Cyprus Sailing Federation and we also offer PISC qualifications in Powerboating. Courses in both of these disciplines are offered throughout the year.

For just €10 you can become a temporary PISC member and experience sailing on the day. In addition you can continue to enjoy this sport on Thursdays and Saturdays for the next month.

We also have a wide range of social activities centred on our Clubhouse which is situated on the coast road about 1 km past Philippos Supermarket on the right hand side away from Coral Bay roundabout. Here we have a fully licensed bar and restaurant.

Come to Agios Georgios you will get a great welcome, have some fun, and if weather conditions are suitable you will be invited to go out in a Dinghy crewed by qualified sailors.

NB: A buoyancy aid will be provided but please bring "wet" shoes.

## SAILING WITH PISC OPEN DAY

Thursday 25th. April 10:00 - 16:00  
AGIOS GEORGIOS HARBOUR

Getting ready to sail.
